Technical Specification

Requirements for the Endpoint

CPU	x86 architecture, 64-bit support
RAM	≥ 2 GB

System

Operating system	IGEL OS 11
Management	IGEL Workspace Edition, registration required
Memory	8 GB

Interface

USB 3.0 (downward compatible with USB 2.0)
--

Dimensions and Weight

Device (DxWxH), vertical	6 x 12.2 x 22.4 mm
Device weight	3.3 g
Packaging (DxWxH), horizontal	105 x 75 x 10 mm

Operating Conditions

Operating temperature	0 °C – 70 °C, 32 °F – 158 °F
Operating humidity	0 % – 95 %

Regulatory Compliance Information

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Shielded interface cables must be used in order to comply with emission limits.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WEEE Note

In accordance with EU directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE), customers and manufacturers are responsible for returning and recycling their old equipment and batteries. IGEL now offers a convenient free collection service.

To request a collection of the old IGEL units, fill out the form on <https://support.igel.com/weee-waste-management.html>. An IGEL service employee will contact you then to arrange a collection date.

IGEL WEEE number: DE 79295479 / WEE/GE4266QU

RoHS and REACH Note

This product of IGEL Technology GmbH fulfils the requirements of the EU directive 2011/65/EU on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS).

The EU Regulation 1907/2006 for Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) shall improve the protection of human health and the environment from the risks that can be posed by chemicals. IGEL fulfils this regulation by informing customers and partners about materials on the Candidate List of Substances of Very High Concern (SVHC) in our products in a concentration above 0.1 % weight by weight (w/w).

 Find current information about SVHC materials on our website under <http://www.igel.com/terms-conditions>³.
